eINVOICE SOFTWARE MODIFICATIONS

The following eInvoice software modifications will be in production on Thursday, May 17, 2001:

· Users will be able to inactivate and activate eInvoice Site Reference and eInvoice Vendor profiles.

· Frequently Asked Questions (FAQ) have been added.

· The ability to have eInvoice Direct Vouchers be automatically approved if the invoices meet defined criteria on the eInvoice Vendor View page.

· Users will be able to search for eInvoice profiles based on account coding block elements.

· The Detailed Invoice View Page has been reformatted to include additional details.
